

## **The Features, Advantages and Benefits of a Corle Building:**

### **IAS AC472 & CSA-A660 CERTIFIED!**

Certification of Quality Engineering - Drafting - Manufacturing

IAS AC 472 ACCREDITED and CSA A660 CERTIFIED

✓	<p><b>Anchor Bolt Drawings in Just a Few Days!</b> Getting anchor bolt drawings to you quickly is a Corle priority! Our engineers and drafters work hard to have drawings for most projects out in just a few days.</p>	<b>STANDARD!</b>
✓	<p><b>Buildings Delivered in 4 to 6 Weeks!*</b> Before we were manufacturers, we were (and still are) contractors. We know the importance of fast turn-around times. *Except for very complex projects, most Corle buildings deliver in 4 to 6 weeks.</p>	<b>STANDARD!</b>
✓	<p><b>State-of-the-Art Manufacturing Facility!</b> IAS AC472 (USA) and CSA-A660-10 (Canada) Certified quality-controlled fabrication.</p>	<b>STANDARD!</b>
✓	<p><b>Galvanized Purlins, Girts and Door Jambs!</b> Protects against red rust during and after construction. Extends the life of your project. Brighter, cleaner appearance. Lower maintenance costs.</p>	<b>STANDARD!</b>
✓	<p><b>Premium Gray Mainframes!</b> Present a clean, bright, contemporary look. Compliments the galvanized purlins &amp; girts. Can lower or eliminate painting costs.</p>	<b>STANDARD!</b>
✓	<p><b>TRINAR® 40-Year Limited Warranty Finish!</b> All Corle panels feature this strongly-bonded TRINAR® finish. With unparalleled gloss and color retention, our finish provides excellent UV, heat and chemical resistance. Matching trim available.</p>	<b>STANDARD!</b>
✓	<p><b>I-Beam End Wall Framing!</b> Provides strength and stiffness. Easy to erect as they stand alone -- less bracing. Stronger hot-rolled sections -- easier to handle than cold rolled.</p>	<b>STANDARD!</b>
✓	<p><b>Pre-Welded Clips, Purlin Bearing Rib (PBR) on Roof &amp; Walls!</b> Pre-welded clips result in dimensionally correct alignment -- Fewer parts, faster and easier erection, reduced labor costs. Our PBRs create a solid side lap seal, reducing moisture infiltration and air leaks. Provides a stronger, weather-tight fit and lower maintenance costs.</p>	<b>STANDARD!</b>
✓	<p><b>Guaranteed On-Time Delivery!</b> Most orders are shipped on our own trucks. Delivery times are scheduled based on builder convenience, Efficient crew scheduling saves you time and money.</p>	<b>STANDARD!</b>

*Plus!* **Corle QuickQuote™ / Corle QuickComponents™**

Corle builders enjoy the ease, speed and accuracy of quoting and ordering with these two EXCLUSIVE, Internet-based programs. Quote buildings and buy high-quality components at your convenience - 7 days-a-week, 24 hours-a-day, 365 days-a-year!
