

The **CORLE**™ **DIFFERENCE!**
BUILDING SYSTEMS

The Features, Advantages and Benefits of a Corle Building:

IAS & CSA-A660 CERTIFIED!
 Certification of Quality Engineering - Drafting - Manufacturing

	<p>Anchor Bolt Drawings in Just a Few Days! Getting anchor bolt drawings to you quickly is a Corle priority! Our engineers and drafters work hard to have drawings for most projects out in just a few days.</p>	STANDARD!
	<p>Buildings Delivered in 4 to 6 Weeks!* Before we were manufacturers, we were (and still are) contractors. We know the importance of fast turn-around times. *Except for very complex projects, most Corle buildings deliver in 4 to 6 weeks.</p>	STANDARD!
	<p>State-of-the-Art Manufacturing Facility! IAS and CSA-A660 (Canada) Certified quality-controlled fabrication. Fast turn around times.</p>	STANDARD!
	<p>Galvanized Purlins, Girts and Door Jambs! Protects against red rust during and after construction. Extends the life of your project. Brighter, cleaner appearance. Lower maintenance costs.</p>	STANDARD!
	<p>Premium Gray Mainframes! Present a clean, bright, contemporary look. Compliments the galvanized purlins & girts. Can lower or eliminate painting costs.</p>	STANDARD!
	<p>Kynar™ 30-Year Long-Life Finish! All Corle panels feature a premium Kynar finish. Truer, brighter colors that last longer and add "curb appeal" to your project. Matching gutters and downspouts are available.</p>	STANDARD!
	<p>Pre-Welded Clips, Purlin Bearing Rib (PBR) on Roof & Walls! Pre-welded clips result in dimensionally correct alignment -- Fewer parts, faster and easier erection, reduced labor costs. Our PBRs create a solid side lap seal, reducing moisture infiltration and air leaks. Provides a stronger, weather-tight fit and lower maintenance costs.</p>	STANDARD!
	<p>Guaranteed On-Time Delivery! Most orders are shipped on our own trucks. Delivery times are scheduled based on builder convenience. Efficient crew scheduling saves you time and money.</p>	STANDARD!

Plus! Corle QuickQuote™ / Corle QuickComponents™

Corle builders enjoy the ease, speed and accuracy of quoting and ordering with these two EXCLUSIVE, Internet-based programs. Quote buildings and buy high-quality components from just about anywhere... 7 days-a-week, 24 hours-a-day, 365 days-a-year!
