

The Features, Advantages and Benefits of a Corle Building:

IAS AC472 & CSA-A660 CERTIFIED!

Certification of Quality Engineering - Drafting - Manufacturing

IAS AC 472 ACCREDITED and CSA A660 CERTIFIED

✓	Anchor Bolt Drawings in Just a Few Days! Getting anchor bolt drawings to you quickly is a Corle priority! Our engineers and drafters work hard to get drawings out in just a few days for most projects.	STANDARD!
✓	Guaranteed On-Time Delivery! Most orders are shipped on our own trucks. Delivery times are scheduled based on builder convenience. Efficient crew scheduling saves you time and money.	STANDARD!
✓	State-of-the-Art Manufacturing Facility! IAS AC472 (USA) and CSA-A660-10 (Canada) Certified quality-controlled fabrication.	STANDARD!
✓	Galvanized Purlins, Girts and Door Jambs! Protects against red rust during and after construction. Extends the life of your project. Brighter, cleaner appearance. Lower maintenance costs.	STANDARD!
✓	Premium Gray Mainframes! Present a clean, bright, contemporary look. Compliments the galvanized purlins & girts. Can lower or eliminate painting costs.	STANDARD!
✓	TRINAR® 40-Year Limited Warranty Finish! All Corle panels feature this strongly-bonded TRINAR® finish. Our finish offers outstanding UV, heat and chemical resistance with unparalleled gloss and color retention. Matching trim available.	STANDARD!
✓	I-Beam End Wall Framing! Provides strength and rigidity. Easy to erect as they stand alone — less bracing. Stronger hot-rolled sections — easier to handle than cold rolled.	STANDARD!
✓	Pre-Welded Clips, Purlin Bearing Rib (PBR) on Roof & Walls! Pre-welded clips result in dimensionally correct alignment — Fewer parts, faster and easier erection, reduced labor costs. Our PBRs create a solid side lap seal, reducing moisture infiltration and air leaks. Provides a stronger, weather-tight fit and lower maintenance costs.	STANDARD!

Plus! **Corle QuickQuote™ / Corle QuickComponents™**
Corle builders enjoy the ease, speed and accuracy of quoting and ordering with these two EXCLUSIVE, Internet-based programs. Quote buildings and buy high-quality components at your convenience - 7 days-a-week, 24 hours-a-day, 365 days-a-year!
